

POSTGRADUATE SPANISH-MOROCCAN COURSE ON ORGANIC WASTE RECOVERY

13th-16th December 2011

LECTURERS AND CONFERENCES

Morocco

- Prof. Dr. Hassan El Bari . President of Moroccan Association of Solid Waste (AMADES-Morocco), Ibn Tofail University, Kénitra – Morocco. “ The Anaerobic Digestion and the Mass Balance Models
- Prof. Dr. Afilal Mohamed Elamin. Mohamed Premier, University of Oujda – Morocco. “The biogas potential in Morocco”
- Dr. Hassan Chouaouta. Président de l'Association des Experts en Gestion des Déchets Municipaux au Maroc (AMEDE). “The waste sector in Morocco. Legal and economic challenges for a sustainable treatment of organic waste”
- Nabil Baamrani. Commune de Kénitra - Morocco. “ The project of waste transfert station in Kénitra and organic waste fraction sorting and recovery”
- Prof. El Houssine Bartali. Directeur de Formation en Génie Rurale, Institut Agronomique et Vétérinaire Hassan II, Rabat – Morocco, “Assesing the valorization of farm manure through composting”

Portugal

- Prof. Dra. Elizabeth Duarte and Lopo Carvalho. Instituto Superior de Agronomia, Lisboa – Portugal. “The anaerobic digestion of many kind of biomass feedstock : Appropriate and adapted technologies for different substrates in Mediterranean region”

Italy

- Prof. Dr. Luciano Morselli, and Prof. Dr. Luca Ciacci (Alma Mater Studiorum, University of Bologna, Italy) “Integrated Management of Municipal Waste, from a Life Cycle point of view”

Spain

- Prof. Dr. Arturo Chica Pérez. University of Cordoba – Spain. “Management of organic waste in Europe”
- Prof. Dr. Antonio Martín Martín. University of Cordoba – Spain. “Principles and procedures in anaerobic digestion”
- Prof. Dra. Maria Angeles Martín Santos. University of Cordoba – Spain. “Anaerobic co-digestion for agroindustrial wastes”
- Prof. Dr. Rafael Borja Padilla. Instituto de La Grasa, CSIC, Sevilla – Spain. “Anaerobic digestion of two phases olive mill solid residue by one and two stage processes”
- Prof. Dr. Joaquin Moreno Casco. University of Almeria – Spain. “Microbiological aspects of composting”
- Prof. Dr. Jose Luis Garcia Morales. University of Cadiz - Spain. “Characterization and treatments for sludges of WWTPs”
- Prof. Dr. Raul Moral Herrero. University of Alicante – Spain. “Advanced composting related to intensive cropping systems”
